A COMMUNITY.

NORWOOD HIGH SCHOOL

The Norwood High School students and staff of the 2017-2018 school year are a community unlike any other; different than the NHS communities that have existed in the past, and from any that will exist in the future. This, the 80th edition of the Norwood High School TIOT Yearbook, is a documentation of all of the ways our community is important and unique. We hope that you enjoy all of the different things that WE ARE.

TABLE OF CONTENTS

We are proud to dedicate the 80th edition of the Norwood High School TIOT Yearbook to:

THE TOWN OF NORWOOD

We are proud to be members of a town community in Norwood that supports and values our school; everyone cheers for the Mustangs, and celebrates our successes on the field and on the stage. We are grateful that the town invested in our future in building our beautiful home, the new "school on the hill". The town has certainly grown and

changed since its founding in 1872, and the Class of 2018 has seen and experienced much of that change in our time in the Norwood Public Schools.

As we look ahead to our own futures, the town will continue to cheer our successes, and will support us as we face challenges. We will always be proud to say that we are from Norwood.

Dedication

thank you
Norwood

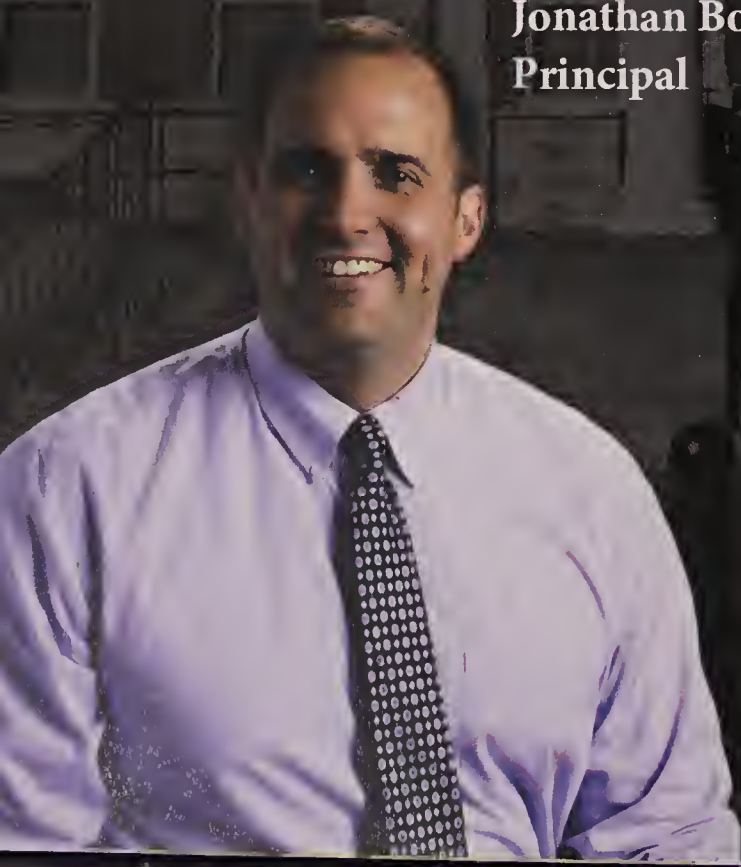

Message from the Principal

Greetings Mustangs! Captured in the following pages is the chronicle of a journey.

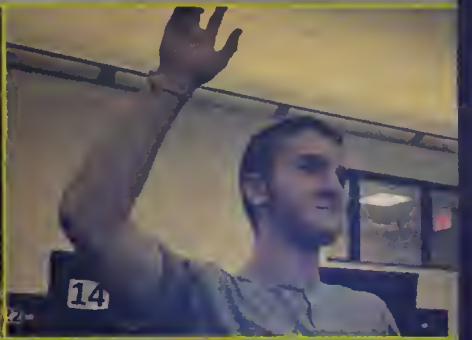

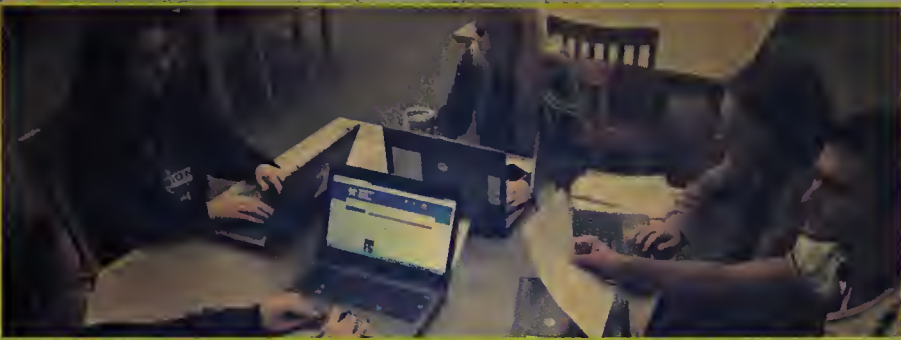

For the class of 2018, we capture and commemorate the end of your journey as Norwood students, poised to conquer the challenges that await. We hope that we have provided you with the opportunities to demonstrate your passions and interests, given you the ownership of your work and future, and the pride in your accomplishments and the next steps in your journey. In my three years as your principal, I have come to know this senior class as incredibly compassionate and caring, and your leadership as role models for the school will be greatly missed. I take solace in the fact that we are now sharing you with the wider world, and they will now have the benefit of meeting the amazing graduating class of 2018!

For the underclassmen, I beg of you to take some advice from an old-timer who is over two decades removed from high school - buy this book. When in high school, I assumed I knew almost every student's name in almost every single grade. As life marches on, those memories fade, and with this yearbook, you can keep the treasure of your youth for ever, and remember those who took the journey with you, as you explore the myriad opportunities waiting for you.

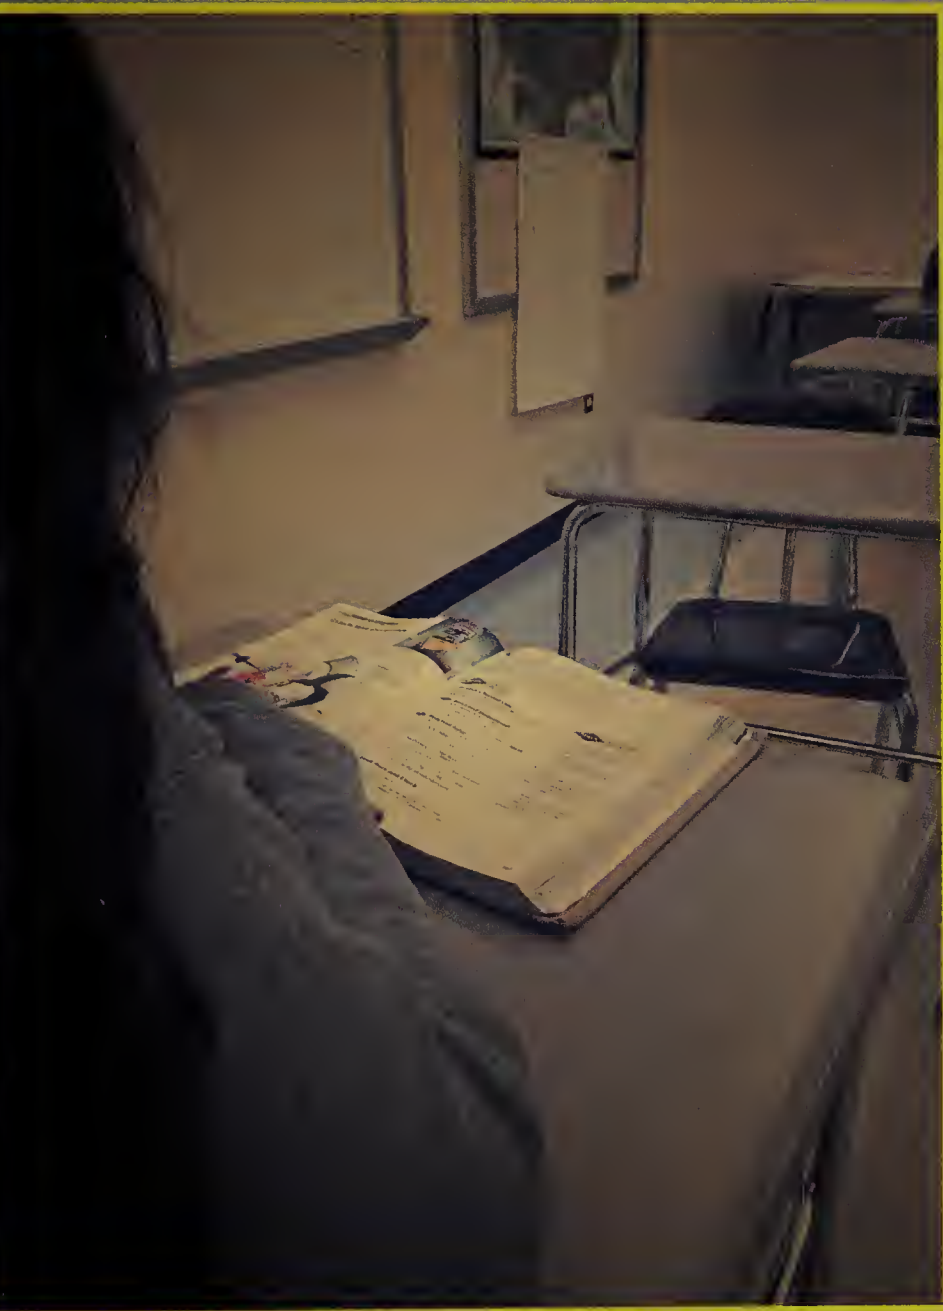

Best,
Jonathan Bourn

MESSAGE FROM THE DEAN

"Do your little bit of good where you are; it's those little bits of good put together that overwhelm the world." ~Desmond Tutu

It has been an honor and a privilege to be your dean over the past four years and watch you grow into the bright and talented young men and women that you are today. I am so proud of all that you have accomplished and look forward to hearing about all your future endeavors. May you continue to strive for your personal goals and dreams while never forgetting the power of love and kindness. Be good to each other.

The Day House was built in 1859 and was the home of Fred Holland Day. Fred Holland Day was one of the most influential artistic photographer in the world during his century. Originally built in the Second Empire style, the house was renovated by Fred Holland Day during the early 1890s. The house contains eight fireplaces, original paintwork, fabric wall coverings, carpets, period light fixtures and the Day's family possessions. Today, the house displays student artwork in partnership with the Norwood Historical Society. The artwork was based on some of the themes represented throughout the house, using the many uniquely designed rooms. Now in the 10th year of coordinating the event, Ms. Mead says that she is always excited to see how the student artwork is received by the public and how the students create a focus for the people to look at every year.

The Global Citizenship Program is offered as a club as well as a certificate program. This program gives student an opportunity to explore and earn a certificate through various community involved projects and cultural exchange programs. Many students decide to follow the path of Global Citizenship even after graduation. Advisers Cindy Derrane and Jennifer Orlinski started this program 6 years ago. The number of members has increased immensely from then with about 76 members this school year.

WINTER PEP RALLY

Friday, February 16, 2018

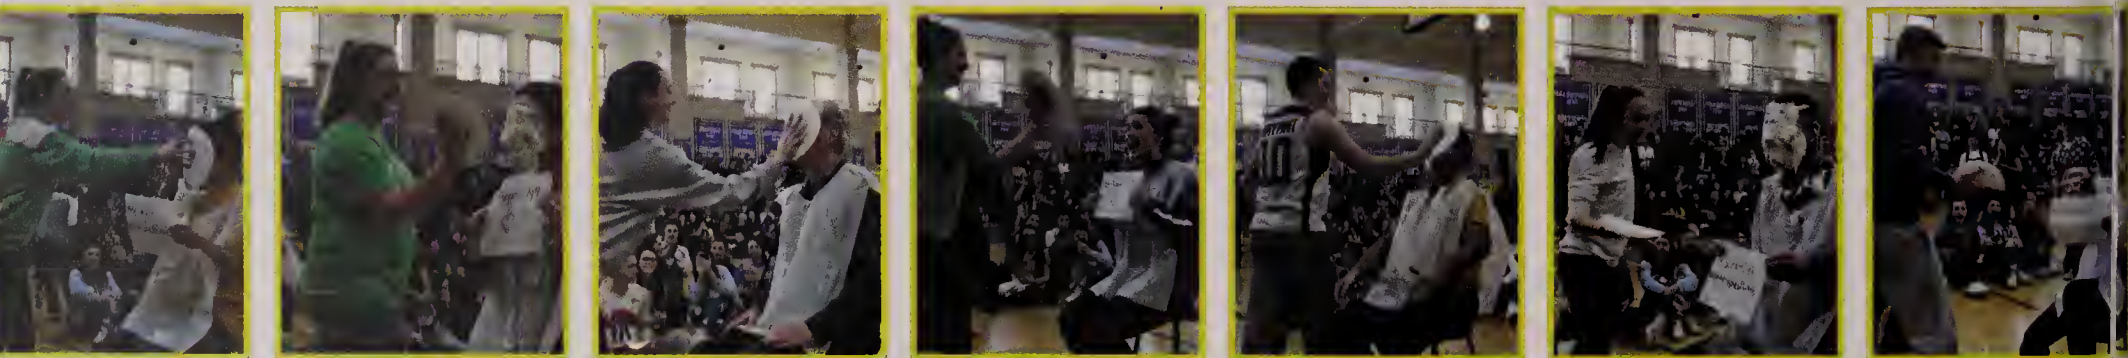

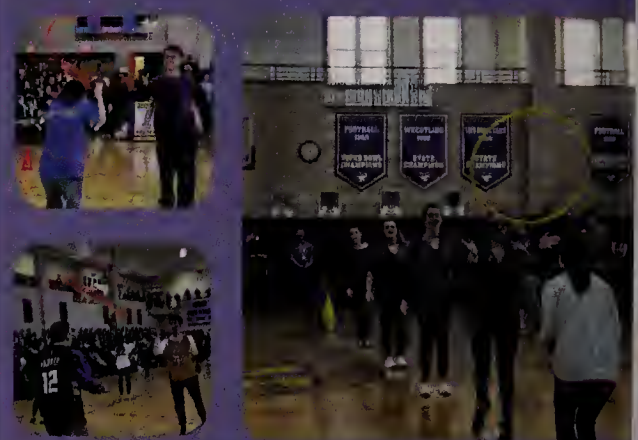

Makenzie Cadmus is a young girl who suffers from a skin disease with no cure called Epidermolysis bullosa, or EB. It is ranked as the #1 most painful disease one can have.

This year, for Makenzie's second birthday on 2/22, her parents hoped to flood social media with either pictures of people with socks on their hands (Makenzie wears socks on her hands to hold her bandages) or getting a pie in the face. Makenzie was in the hospital undergoing a bone marrow transplant on her birthday and these videos really brighten her spirits.

The Cadmus family are close friends of NHS math teacher Mrs. Mullen, so NHS participated in this fun and important awareness campaign by "letting the pies fly for EB".

We are...

Many members of the Norwood High School community came to us from other parts of the world, bringing their diverse backgrounds and experiences to our school and town.

A few of the graduating seniors of the Class of 2018 shared stories as **GLOBAL MUSTANGS** with TIOT staff.

Global Mustangs by the numbers

112 number of NHS students who were born in other countries, about 12% of our student population

32 number of foreign countries represented by immigrant students at NHS

22 number of languages spoken at home by 169 NHS students

Damaris Rizzo Lara

Hometown: Guayaquil, Ecuador
Came to the U.S.: June, 2016
Came to Norwood: August 2016

What are the biggest differences between Guayaquil and Norwood?

"Type of houses, and here there are fewer schools. People in Ecuador are more friendly."

What do you miss most about your hometown?

"My family, my friends. I miss the schools, the teachers came to our class instead of students moving around. And the food, especially humitas with corn and cheese."

What advice do you have for students new to the U.S. and to Norwood?

"Bring some food from home that you can't find here. Keep things from home to remember your country so you don't forget about it. Be proud of where you came from. Ask others what life is like so you can adjust to it."

Betty Vanessa Dorfeuille

Hometown: Port-au-Prince, Haiti
Came to the U.S.: 2010
Came to Norwood: 2012

What are the biggest differences between Port-au-Prince and Norwood?

"The weather, for sure. I went to a Private school in Haiti, and we had to memorize books, and we had high school and middle school together. The teachers were really strict, and they were allowed to beat you. School here is way easier and less harsh."

What do you miss most about your hometown?

"My family, I only have my immediate family here with me. I don't get to see them often, we don't have the money to go back all the time. I used to go to the beach all of the time in Haiti, but I've never been here."

What advice do you have for students new to the U.S. and to Norwood?

"This is a really friendly place, you'll find friends and you'll like it and get settled in. Join sports, because you'll make more friends that way."

Junio Silva Ribeiro

Hometown: Coronel Fabriciano, Brazil
Came to the U.S. and Norwood: January 2016

What are the biggest differences between Coronel Fabriciano and Norwood?

"Style and culture - people are more friendly in Brazil."

What do you miss most about your hometown?

"My family, and my job - I was a teacher, so I miss my kids."

What advice do you have for students new to the U.S. and to Norwood?

"Be strong, and live in the moment. Take everything so you learn more and grow up."

diverse.

Kirill Didychouk

Hometown: *Krasnodar, Russia*
 Came to the U.S.: 2008
 Came to Norwood: 2011

What are the biggest differences between Krasnodar and Norwood?

"The food. The food here is a lot more fresh. It has a lot more butter in it. And there is a lot more bread."

What do you miss most about your hometown?

"The atmosphere of freedom, because the country is less rigid in terms of your responsibilities for school and jobs."

What advice do you have for students new to the U.S. and Norwood?

"Make a plan and make some friends. Really get to know the town and what it has to offer."

Mahmood Abo-Sharkh

Hometown: *Dammam, Saudi Arabia*
 Came to the U.S./Norwood: November 2017

What are the biggest differences between Hoshiarpur and Norwood?

"Women can drive here, there are girls in the school, students move from class to class. I started working here."

What do you miss most about your hometown?

"My friends, my neighborhood, my old school, my previous biology teacher."

What advice do you have for students new to the U.S. and to Norwood?

"Students in school should be nice to new students, talk to them. New students, get a job, and get into the environment of the school, make new friends."

Maninderjot Singh

Hometown: *Hoshiarpur, India*
 Came to the U.S. and Norwood: January 2017

What are the biggest differences between Hoshiarpur and Norwood?

"Teachers are much friendlier. The weather here is the worst, I don't like snow. There are more opportunities here."

What do you miss most about your hometown?

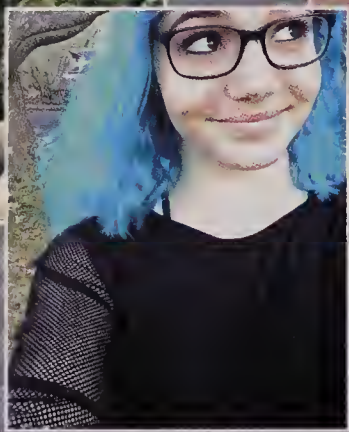

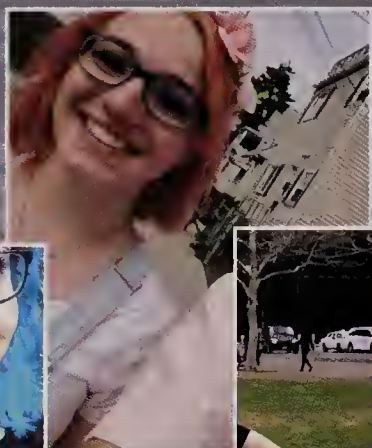

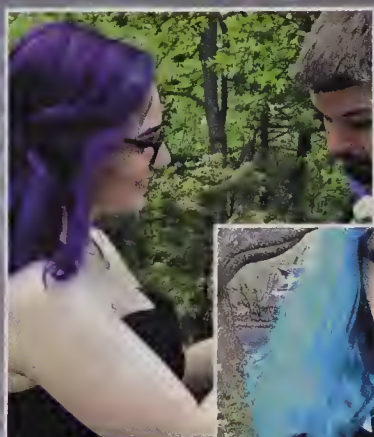

"Friends, and playing and watching cricket."

What advice do you have for students new to the U.S. and to Norwood?

"Interact with more people, students, teachers, everybody. Be polite to everyone."

Alesandra Varon

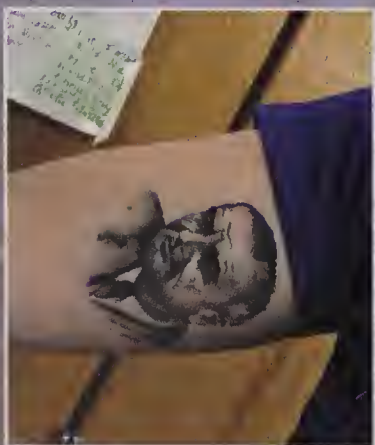

"I actually get the 'why do you dye your hair' question quite often, and I feel like I never give people the answer they want or expect. I had wanted to dye my hair for quite a while before I actually did it. I didn't necessarily have an issue with my natural hair it was just that it didn't feel right. It's not about attention or making some kind of statement, I just like my hair better when it's blue or purple as opposed to brown. I feel more genuine that way. Sometimes during drama I'll put on natural colored wigs just to see what it looks like, especially if I'm contemplating going back to brown, and you know, I'll wear them for a while and get used to it, but at the end of the day it kind of reminds me why I dyed my hair in the first place."

Mike Giovanni

"I bought my first pair of Hawaiian punch socks during my vacation in California. After that, my obsession of socks started to progress, and I bought a different pair for each day of the week. People seemed to think it was funny so I went along with it. I bought socks for different holidays and events. I now have ended up with 48 pairs of funky socks, and it's something that I want to be remembered by."

EXPRESS YOURSELF

Ms. Uppenkamp

"I think tattoos are a unique way to carry an artifact of the person you were at that moment in time with you as you grow into the person you will become. Obviously, studying and teaching American history has been a really big part of my life, and like most history teachers I have a favorite President, Lyndon Johnson (LBJ). I first thought about getting a portrait tattoo of him as a joke, but the more I sat with the idea the more appealing it became as a way of permanently documenting the role studying history has played in my life. Having this tattoo has led to me having many interesting conversations with people who see it about him and his legacy."

THE CLASS OF
2018

Dear Christine Daigle,

I want to take this opportunity to thank you for your continued support throughout our years at NHS! I remember that day four years ago at CMS where Michael's counselor thought it would be a good idea for all of us to meet to help make the transition easier. I didn't realize then, how important part of our high school experience you would become.

Christine you are such an amazing person. You have logged countless hours with reading/responding to my e-mails and meeting with each of us. Many times it was because we didn't see eye to eye. Your patience, empathy and ability to make suggestions has guided me as a parent and Michael as a student. There aren't words that can express my appreciation.

You have become a lifelong family friend!

Sincerely,
Maria Kirkland

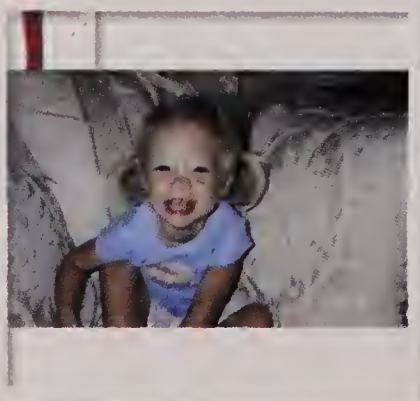

Keri McCarthy

Congratulations Keri! We could not be more proud of you and everything you have accomplished. Always remember that there are no shortcuts to any place worth going, so be sure to take the long way there.

Love,

Mom, Dad & Kristi

YOU! Thank you for believing in us and buying this book!

We sincerely hope that you enjoy this year's edition of the Norwood TIOT Yearbook and will treasure it as a memory of this school year for many years to come. We worked hard all year to give you a great book that we, and you, can be proud of. Thank you so much for your support!

TIOT (pronounced tie-ot) originates from the language of the native Neponsets, a branch of the Algonquin tribe. Translated to "enclosure of waters", the term refers to the fact that Norwood is surrounded by water on three sides, by streams and a river.

The first few settlers of the Norwood area situated for the most part on the fertile land beside the Neponset and along the Traphole and Hawes brooks. The settlers gradually transformed the wilderness into a small, self-contained village that came to be known as TIOT.

Around the 17th century, TIOT became a nickname for the area that is now known as South Norwood. In 1639, TIOT was part of Dedham, along with 14 other communities in southeastern Massachusetts. The town of Norwood was officially formed in 1872.

Today, TIOT remains a visible symbol of town pride, as it has been the name of the high school's yearbook since 1939.

COLOPHON

production and printing details

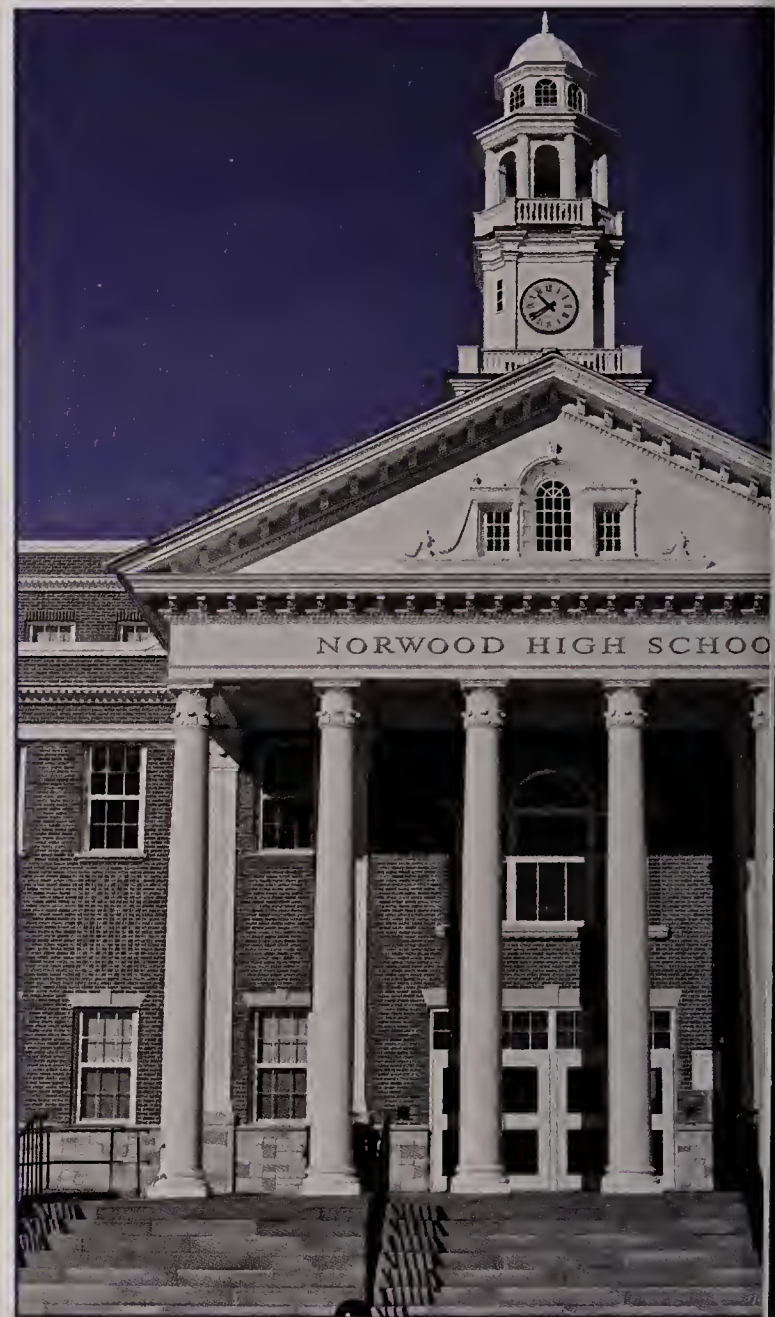

The 80th edition of the TIOT was printed by Lifetouch in Loves Park, Illinois. The theme for the yearbook - "We are..." - is inspired by and in honor of the diverse members of the Norwood High community.

Our sales representative was Debbie Cohen. Senior portraits were taken by many local photographers, including but not limited to: Dan Busler Photography, Kate Kelley Photography, Donna Doliner, Prestige Portraits, and other talented photographers. Underclass portraits were taken by Lifetouch Photography.

The cover is printed with Lithographic ink with gold foil accents; the cover is protected with a matte lamination, with a clear silkscreen on the gold accents. The cover photography was taken by Ashley Hutchens, and the cover design was created by Lifetouch creative services. The endsheet photography was taken by Mia Fanizzi and Ashley Hutchens and designed by Lifetouch creative services.

The book is 208 full color pages in 8.5x11 format. The spring supplement is 28 full color pages. All pages were created by TIOT staff and submitted over 5 deadlines. Font families used included Raleigh BT, Murray Hill, and Minion Pro. Core colors used were Navy and a custom Yellow.

The cost of the book ranged from \$75 to \$90, with lower prices available to early purchasers.

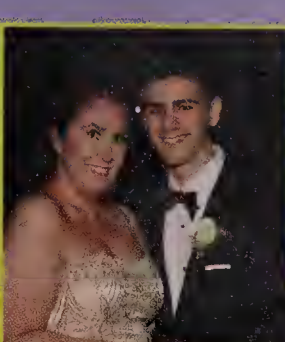

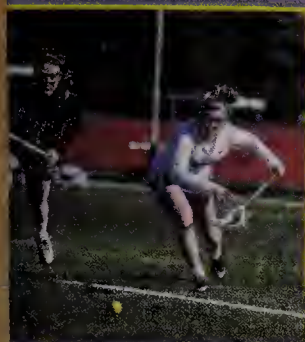

Thank you for being a part of
the 2018 Norwood TIOT
Yearbook journey
